"Morr" Nickenson.—This old San Franciscan whose death was recently noticed as occuring in Mobile, was a pioneer of 49. He was a man of stalwart frame and fine presence, and took pains to show his deference for the ladies who arrived here in early times. He was in the habit of encorting ladies and their children across muddy anderowded streets. He was first employed at the "Whitehall" saloon, located on the corner Sansome and Commercial streets, which was then the city front, and the "Whitehall" was built on piles. The late Wm. C. Hoff was its proprietor. Nickerson subsequently became proprietor of the establishment. He afterwards, in company with Jo Lovett, kept the saloon at the southeast corner of Montgomery and Merchant streets. In 1880, "Mulf" went east and opened a business in Mobile, where he became very popular. Being in ill health he south recovery at Jackson Springs, a gubarban watering place, and died there. His inneral at Mobile was a perfect ovation to his memory. The firemen and Knights of Pythias, to both of which organizations he belonged, attended in force. The remains were forwarded to Pawnekst. Rhode Island, his native place, where they were interred. "Mulf" was about 50 years of aga.—[San Francisco Bulletin. "MCFF" NICKERSON.-This old San

THE TEXAS AND PACIFC RAILWAY.—The Texas & Pacific Railway Compusy has published its first report, by which it appears that the line is being constructed with great rapidity from Longview west to Dallas; from Marshal, via Jefferson, to a point near Texarkanna, and from that point West to Sherman. The work on the route from San Diego to the Colorado has been commenced. The entire road will be completed in five years. From New York to San Diego, the line will be 400 miles shorter than any existing line. The route from New York will run through Philadelphia, Baltimore, Washington, Richmond, Atlanta, Montgomery, and Vicksburg, with branches to New Orleans, Galveston, Savannal, and Charleston. The chief engineer states that the lands granted by the Government are superior to those on the other lines across the Continent. The land grant covers about 15,000,000 acres. Tickets \$5 each. To be obtained at the office of the undersigned, or at the counter of the State Bank of Nevada. and grant covers about 15,000,000 acres.

Beauty Sleep.—Sleep obtained two hours before midnight, when the negative forces are in operation is the rest which most recuperates the system, giving brightness to the eye and a glow to the check. The difference in the appearance of a person who habitually retires at 10 o'clock, and that of one who sits up until 12 is quite remarkable. The tone of the system, so evident in sits up until 12 is quite remarkable. The tone of the system, so evident in the complexion, the clearness and sparkle of the eye, and the softness of the lines of the features, in a person of health, kept at "concert pitch" by taking regular rest two hours before 12 o'clock, and thereby obtaining the "beauty sleep" of the night. There is a heaviness of the eye, a sallowness of the skin, and an absence of that glow in the face which renders it fresh in expression and round in ders it fresh in expression and round in appearance, that readily distinguishes the person who keeps late hours.

Boys Using Tobacco.-A strong and sensible writer says a good sharp thing, and a true one too, for those who use tobacco. "It has spoiled and utterly runed thousands of boys. It tends to the softening and weakening of the bones, and it greatly injures the brain, the spinal marrow, and the whole nervers faul. A how who smokes early cos fluid. A boy who smokes early and frequently, or in any way uses large quantities of tobacco, is never known to make a man of energy, and generally lacks muscular and physical as well as mental power. We would particularly wan boys who want to be anything in the world to show to the control of the world to be anything in the world, to shun tobacco as a most baneful poison."-[Ex.

Witty sayings are as easily lost as the pearls slipping off a broke string; but a word of kindness is seldom spoken in vain. It is seed which, even when dropped by chance, springs up a flower.

As Ohio editor was rendered insane As Onto enter was rentered, while going home one night, by hearing the following words come from a dark porch on a shady street. "Oh! John, I wonder if that moustache feels as good on your lips as it does on mine?

THERE is a certain softness of manner which in either man or woman, adds a harm that almost entirely compensates for lack of beauty.
